### **BIBI 1090-BL EVO**

BIBI, mini-crawler scissor lift able to operate at 10 mt working height. The crawler traction overcomes all the standard limits of traditional 4x4 traction providing the opportunity to work in limited spaces. The automatic levelling of the machine, enables the operator to work easily and always in full safety conditions even in big slopes or uneven and rough terrain. The bi-energetic engine, thermic and electric, provides full versatility, both for inside or outside applications.
